DEDICATION

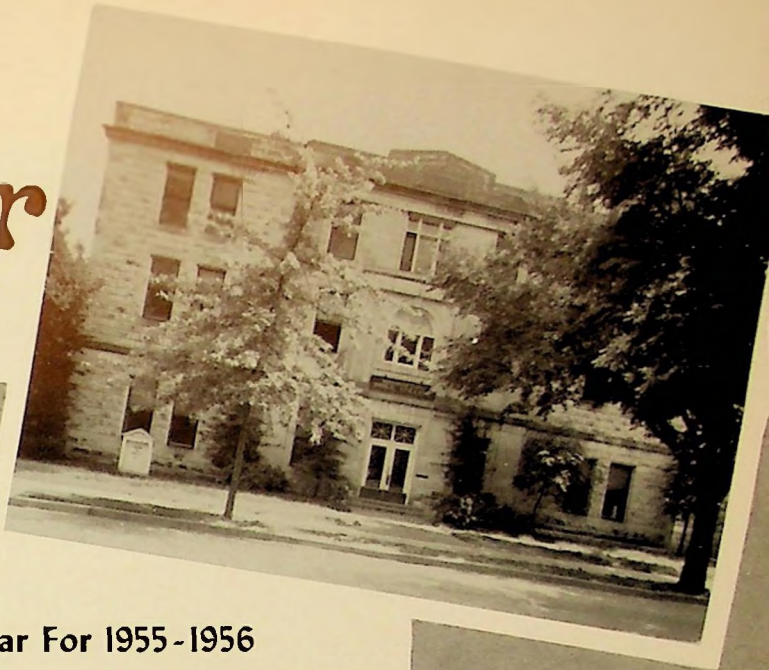

This book has been composed as a memorial to those people who, through their financial generosity and prayers, have made it possible for young people to attend Manhattan Bible College who otherwise might not have been able to attend. Through the years there has been great Christian leadership gone out from this school because someone cared enough for Christ's church to see that these young people could receive the training they needed to be an effective servant.

To these people who have silently taken up their cross in this way, we humbly dedicate this book.

introducing MR MABICO

Hello folks

I've been given the privilege of taking you on a tour of Manhattan Bible College via these pages. First of all, I want you to get acquainted with our wonderful faculty, and those making up the student body; then we'll look in on the various organizations and activities.

Perhaps one of the most important phases of this school is it's wonderful spiritual life which cannot be captured in the pages of a book, but is known and felt in the hearts of those lives associated with the school.

Come along now, let's begin our tour...

...from the office

Manhattan Bible College

MANHATTAN, KANSAS

Miss Jo Ann Little
Bookkeeper

OFFICE OF THE PRESIDENT

Dear Prospective Student:

Have you ever thought that the Lord needs you? We sing, "I Need Thee Every Hour", and how we do, but, the program of God for the salvation of the world awaits our dedication of life to Him, also.

Perhaps you have felt that you had no special capabilities, that you could never be of service to God. Moses once felt the same way. The fact that God did use him mightily should help you to see that any life committed to the Lord's service can be of significance when Divinely empowered.

We at Manhattan Bible College can help you prepare for a life which will be rich in fruits for the Master. Will you say, "Yes", to Him and come to M. B. C. for the best years of your life?

Yours in kingdom building,

W. F. Lown

ADERSHIP EDUCATION IN THE HE

OUR beloved PRESIDENT

PRESIDENT W. F. LOWN

Walking with Jesus, striving for the strength of knowledge, filled with a vision of the world in Christ--these are phrases used to describe President W. F. Lown. He has brought to us the peace that comes from knowing nothing, "save Jesus Christ, and Him crucified." He has shown us a spiritual fellowship that only Christians can know.

Our president's Christlike influence has been felt before throughout the middle-west in varied and successful ministries. Now the spirit of Christ in him may be felt and gained by those future ministers of the gospel who sit at his feet.

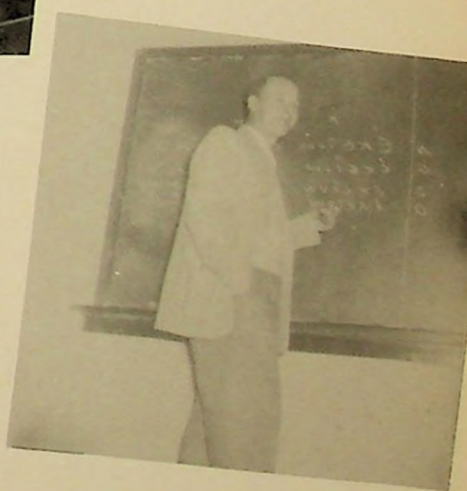

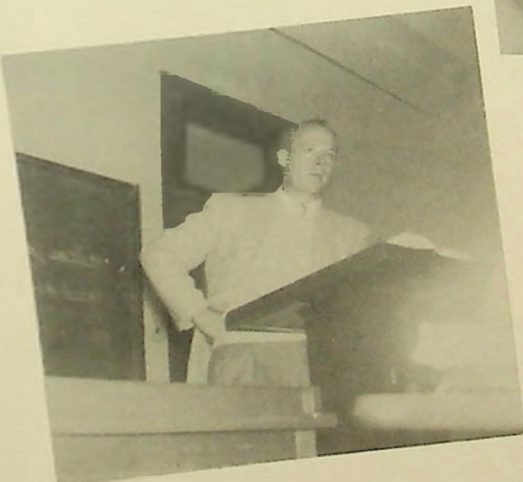

The students, faculty, staff, and all who know President Lown are sure that Manhattan Bible College will be led to engage in its purpose more fully. Thus it is with rejoicing and thankfulness to God that we welcome as President of Manhattan Bible College one who has come "... ..for the perfecting of the saints for the work of the ministry, for the edifying of the body of Christ.

The

Dean

JAMES EDWARD LACKEY

An enthusiastic greeting and a friendly smile, are two of the reasons that Dean Jim Lackey has endeared himself to the students of Manhattan Bible College in so short a time. With the busy schedule of his academic office and the preparation for classes

in Greek and history, he still finds time to give spiritual guidance to those who need it. All who know our dean are impressed by his depth of character and complete dedication to the Lord's work at Manhattan Bible College.

The STUDENT COUNCIL

The goal of the student council is simple and yet far-reaching. It attempts to realize on a large scale the Christian hopes of the student. The constitution reads, "...to the end that we may render the greatest possible service to Jesus Christ...." The council provides for a free flow of ideas between the faculty and the students for improvement of relationships, for school promotion, for student control, and for the proclaiming of the gospel of Christ Jesus. Here, where all hearts, and minds, and souls are bent upon implanting the good news of Jesus in men; the council draws us together in that cause--"...that we may render the greatest possible service to Jesus Christ."

MBC

welcomes NEWCOMERS

MBC welcomed twenty new students into the family at mid-term. This increase brought the total enrollment for the year up to one hundred-five.

Some of the students are just beginning their training for Christian service while others of the group are transfer students from other Bible Colleges or students returning to complete their training after being out for a time.

We would like to introduce you to our women's organization at Manhattan Bible College, Sundolai. It was organized as a study and social club and has served the purpose through the years of bringing the single and married women together in a closely knit fellowship of Christian Service.

Mrs. T. H. Johnson has been sponsor of the organization from the beginning. This year Mrs. Lown has been co-sponsor. Both Mrs. Johnson and Mrs. Lown have been very helpful and a great inspiration to us.

Epsilon Tau Alpha

With the beginning of the 1955-56 school year Epsilon Tau Alpha embarked on a new program with a new emphasis. In the past our men's organization has promoted growth of Christian personality through discussion, lecture, and debate. The newly modified purpose of ETA has not excluded the ideas of past years but now attempts to direct the young men of MBC in growth as ministers. Every activity and every program this year is especially designed to help make us better ministers in Christ's church. As student ministers we realize that our formative years must be well directed if we are to be successful in leading people to Christ throughout our lives. ETA meets once monthly at which time lectures, discussions, films, demonstrations, and sample sermons are presented. A sermon contest is an innovation this year which we hope will improve our preaching abilities through competition. ETA will continue to help mold men in the likeness of Christ, not only in character but in service to our fellowmen as well.

Alpha Beta Xi

"Go ye therefore, and make disciples of all nations..."
(Matthew 28:19) These words probably have a familiar sound to those who read them but they have a special meaning to the members of Alpha Beta Xi. Because of their call to the mission field or an interest in mission work they meet once a month to study missions. Each year the group sponsors a sacrificial banquet for the whole school. Students give the money to missions that they ordinarily would have spent for a meal. Alpha Beta Xi places the world's need for Christ before the students of NBC.

Kraft

Club

"To one he gave five talents, to another two, to another one, to each according to his ability." Because of the busy life of the wife of a student minister, a group of married women banded together for fellowship, relaxation, and in order to develop their abilities of craftsmanship. The club is ably led by its officers: Glenda Laymon, Pres.; Betty Housh, Vice-Pres.; and Laverl George, Sec-Treas. In the upper picture we see the oil paintings they made last year, and below, they are making wood fiber flowers.

The Christian Veterans League is an organization of men who are veterans of the military service now attending Manhattan Bible College. The organization was formed to promote fellowship among the veterans and to serve M.B.C. by carrying out worthy projects for the improvement of the school. Their latest project has been the construction of a beautiful corner stone to the right of the front door of the school.

GOSPEL

Margie Moore, President of the Organization.

Manhattan Bible College knows the equipment needed for successful Christian leadership cannot all be gotten out of books. A great part of the education of a student must come from actual experience and participation on the field. For this reason an organization of gospel teams has been formed with the objective of giving the students that needed experience.

Each team is composed of a chalk artist, a song director, a minister, and special music.

The teams go out on week-ends to various churches over Kansas and bring Christ to those congregations and, at the same time, gain valuable experience.

Inspiration through reading God's Word.

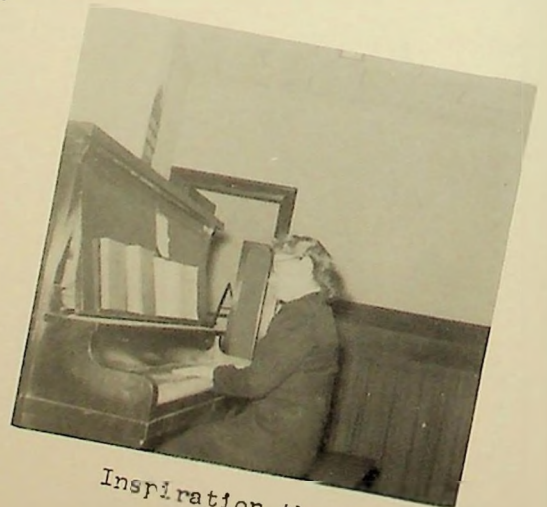

TEAM IV

Dan Applegato, minister; Frances Baker, minister; Pat Frochaska, special; Jeanette McNeice, chalk artist; Margie Moore, song leader.

Sammy Brake, minister and the Trio.

Inspiration through sacred music.

DORM LIFE

"That bed's gon'a
feel good tonight."

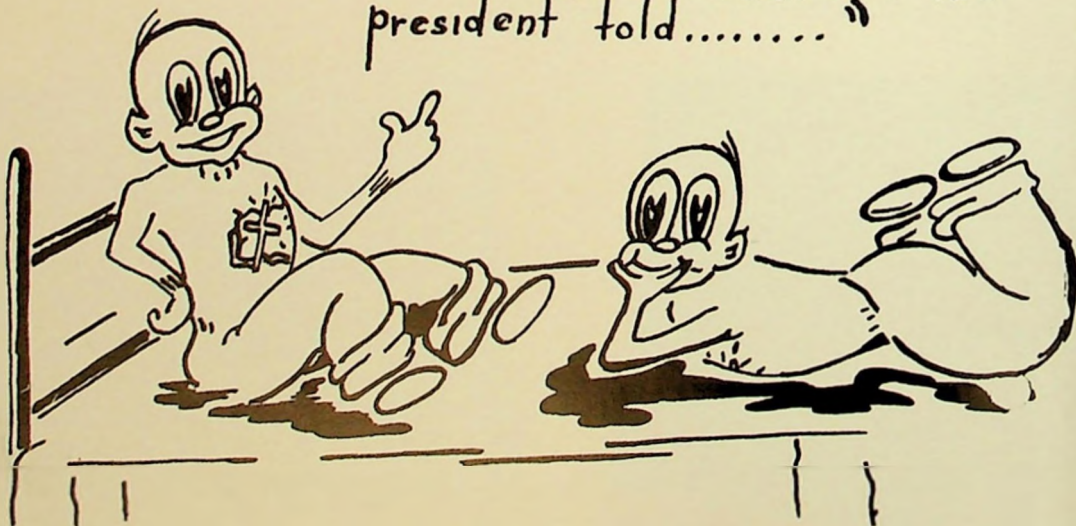

One of the greatest character builders in the life of students at MBC is the wonderful fellowship experienced in living in a dormitory. Here, close and lasting friendships are made and are never forgotten. Here in the dorm you learn the true meaning of sharing with one another, not only your responsibilities but your joys and sorrows as well. You learn to trust and be trusted by those with whom you live. Those students who have not experienced dormitory life, we feel have missed one of the most wonderful phases of college life.

CHALK ART

Mrs. Dorothy Carr
Instructor

Don portrays the
handiwork of God

Each year young people who come to M.B.C. desire to take a course in chalk drawing. They realize they have a wonderful story to tell and they want to use every way conceivable to convey that story to others. Chalk art provides a great means to make that message live in the hearts of those who observe.

Joan adds the finishing touches on a picture for her scrapbook.

The chalk art students spend one hour in class and two hours outside each week.

"Have you got a little free time?" You could use your time to a great advantage if you were to spend it in the library here at MBC. A vast amount of religious knowledge can be yours through the more than nine thousand volumes contained here. The library also has an up-to-date display of periodicals for your convenience and a large film strip collection which is a great convenience to the student ministers and youth directors.

This year a new lighting system is being installed in the library as a project of the Sophomore Class. With the aid of the Juniors, two lights have already been installed and the project will be completed by the end of the term.
